Guidelines

Updated: August 2026

Important Dates and Program Details	
Opening date and time	Friday 7 August 2026
Closing date and time	Upon funding allocation being exhausted or by 7 October 2026 at 1pm, whichever is earlier
Application outcome date	Within 2 months of Program closing
Funding Agreement Executed (for successful applicants)	Two weeks from notification
Project delivery timeframe or Project Completion date (for successful applications)	By August 2027
Decision-maker	Minister for Sport
NSW Government Agency	Office of Sport
Type of grant opportunity	Demand-driven or 'first-in, first-served' Applications will be assessed until the funding allocation has been exhausted or the closing date and time occurs. Due to the high demand on this Program, it is likely that the funding will be exhausted prior to the closing date.
Grant value (total available funding for the grant and the available individual grant amounts, excluding GST)	• \$500,000 total funding available • Individual grants up to \$3,000
Enquiries	Application enquiries Grants Team 13 13 02 grants@sport.nsw.gov.au Program or supplier enquiries Office of Sport Policy and Strategy Branch defibs@sport.nsw.gov.au

The Office of Sport reserves the right to amend any of these dates during the Program, at its absolute discretion.

Message from the Minister for Sport

The Local Sport Defibrillator Grant Program will continue to support sporting organisations across NSW by providing grants of up to \$3,000 to purchase and install Automated External Defibrillators (AEDs) at community sport and recreation facilities.

The Program is focused on improving the availability of potentially life-saving equipment at grassroots sporting venues, particularly for organisations facing financial barriers or in remote areas.

Since its establishment, the Program has helped hundreds of sporting organisations enhance the safety of participants, officials, volunteers and spectators.

The 2026/27 Program builds on the NSW Government's ongoing commitment to creating safer sporting environments and supporting community clubs to better prepare for medical emergencies.

With a further \$500,000 available in the 2026/27 Program, eligible sporting organisations are encouraged to apply and take the opportunity to strengthen their emergency preparedness and help to safeguard their communities.

A handwritten signature in black ink, appearing to read 'Steve Kamper'.

The Hon Steve Kamper MP

Minister for Lands and Property
Minister for Multiculturalism
Minister for Sport
Minister for Jobs and Tourism

1

Overview of Local Sport
Defibrillator Grant Program
2026/27

1 Overview

Applicants should read this document before filling out an application.

1.1 Purpose and objectives

The key objectives of the Program align to the Office of Sport Strategic Plan 'Everyone Plays Here', with the specific objectives to:

- Promote wider access to these devices across NSW
 - Support local sport and active recreational clubs or related incorporated organisations located in, or servicing, the most disadvantaged areas of NSW in purchasing an AED package.
-

1.2 Grant value

The NSW Government has allocated up to \$500,000 in 2026/27 for this Program.

- Grants of up to \$3,000 are available to fund the cost of an approved AED package listed in Appendix A.
- There is no mandatory financial contribution. However, where the cost of the selected package exceeds \$3,000, the organisation must fund the additional cost.
- Eligible organisations can only receive funding for one AED package under this round of the Program.

2

Selection criteria

2 Selection criteria

2.1 Eligibility criteria

To be eligible for funding, the application and project must:

- be submitted through the online system SmartyGrants.
- be submitted by an eligible organisation (including valid incorporation details)
- be for an approved AED package
- Grant request amount is aligned with the selected AED package up to a maximum of \$3,000
- include a declaration by the applicant organisation that if successful they will provide Public Liability Insurance with a minimum public liability insurance cover of \$5 million

Eligible organisations that have outstanding reporting from previous Office of Sport grant programs may be deemed ineligible for funding.

Eligible applicants

To be considered eligible under the Program, **applicants must meet one** of the following criteria:

1. The organisation primarily operates in, or the majority of participants reside within, a postcode listed in **Appendix C**, as ranked by the Australian Bureau of Statistics in their Socio-Economic Indexes for Areas (SEIFA).

This must be demonstrated by meeting one or more of the following:

- The applicant organisation's registered address* being located within an eligible postcode, or
- Applicants providing clear evidence of their sporting or active recreational activities being primarily undertaken at a facility(ies) in an eligible postcode, or
- Applicants providing clear evidence that a majority of their participants reside in eligible postcodes

*The determination of registered address will be based on the address associated with the applicant organisation's ABN.

OR

2. The applicant organisation does not meet eligibility criteria 1 (postcode-based), but is currently experiencing financial hardship, which must be demonstrated by:
 - Providing formal documentation to demonstrate financial hardship showing the organisation's current financial position. Documentation must be one or more of the following:
 - Profit and loss statements and balance sheets
 - Cash flow statements
 - Tax returns and BAS statements
 - Letters from accountants or financial advisers confirming financial hardship.

In addition to meeting the eligibility criteria, eligible applicants are:

- Incorporated, not-for-profit clubs, associations or organisations in NSW that are sport or active recreation related

- State or national sport or active recreation organisations on behalf of member clubs located in NSW
- Licensed sporting or active recreation clubs in NSW, providing that the AED package directly benefits sport and active recreation members or participants
- Sport clubs associated with a school, church or university in NSW providing they are an incorporated not-for-profit club in their own right
- Councils, Service Clubs and other incorporated not-for-profit owners or managers of facilities that are used for sporting or active recreational activities in NSW
- Be one of the following incorporated entity types:
 - Incorporated association registered with NSW Fair Trading
 - Australian public company limited by guarantee
 - Local Aboriginal Land Council
 - Indigenous corporation registered with the Office of the Registrar of Indigenous Corporations
 - trust registered with the Australian Charities and Not-for-profits Commission (ACNC)
 - Non-distributing co-operative registered with NSW Fair Trading

Applicants who have previously received funding under earlier rounds of the Local Sport Defibrillator Grant Program will only be considered if program funds have not been fully allocated by the closing date.

Eligible applicants with an ABN must ensure that the incorporation details and ABN details are for the same organisation.

Active recreation definition

For the purposes of these Guidelines, **active recreation** is defined as physical activity for the purposes of relaxation, health and wellbeing or enjoyment which can be self-directed or facilitated by a provider or organisation. All applicant organisations will be required to provide information around the nature of their activities and the population groups they are servicing.

Eligible AED packages

Applicants must purchase an approved AED package from an approved Service Provider as listed at **Appendix A** of these Guidelines. A list of all approved packages and their pricing is available on the Office of Sport website, [Local Sport Defibrillator Grant Program](#), under supporting documents.

Applicants must rely on their own enquiries as to the suitability of the approved AED Service Provider or package for their needs. Each approved Service Provider has developed their own package. Applicants must make their own enquiries as to any additional inclusions beyond the minimum package requirements.

The Office of Sport procurement process ensures that AEDs being purchased with grant funding meet certain minimum standards. At a minimum, the provision of an AED package will include:

- An AED
- AED familiarisation instruction
- A minimum of six years of essential defibrillator maintenance. Note that battery warranties may have a shorter duration.

2.2 Ineligible applicants and projects

Ineligible applicants

Ineligible applications are any organisation types not listed in the 'Eligible Applicants' section include (but not limited to):

- Individuals, groups of individuals and unincorporated organisations
- Organisations/clubs that are not deemed sport or active recreation: community and social groups focused on passive social activities unrelated to sport or active recreation are ineligible
- Organisations who only deliver one-off annual events
- For-profit and commercial organisations
- NSW Government departments and agencies
- Educational institutions including schools and their Parents and Citizens (P&Cs), Universities, TAFE, Colleges and childcare centres
- An organisation named:
 - (i) by the National Redress Scheme for Institutional Child Sexual Abuse on its list of institutions that have not joined or signified their intent not to join the Scheme; or
 - (ii) in the Royal Commission into Institutional Responses to Child Sexual Abuse that has not yet joined the National Redress Scheme.

Ineligible projects

Projects or project components ineligible to receive funding include:

- Project that is not primarily for use by sport and active recreation facilities or organisations
- Project that does not demonstrate a connection to one of the postcodes listed at **Appendix C**, except where the applicant has demonstrated they are experiencing financial hardship
- Retrospective funding e.g., projects that have already commenced and/or purchases completed prior to application submission
- Projects already funded by the NSW Government for the same project or same component of a project.
- AEDs purchased from a service provider not listed on the approved list at **Appendix A**.
- Ongoing maintenance outside of the scope of the six-year essential defibrillator maintenance schedule
- Any extended warranty specified by an approved Service Provider
- Accredited CPR, First Aid, ongoing or additional face to face AED familiarisation instruction except where this is included as part of an approved package
- Out of warranty repair of equipment
- Replacement costs of consumables including batteries and electrode pads
- Replacement or temporary replacement of the AED if it is damaged or unrecoverable through wear and tear, vandalism, accident, theft or misuse
- General first aid maintenance items or equipment (items requiring cleaning and disinfecting after use).

3

Application process

3 Application process

3.1 How to apply

What is the application process?

How to apply: Follow the steps below to submit your application.

Step 1 Check your eligibility

- See Eligible Applicants section of these Guidelines to see which organisations can apply for funding.
- If you are not eligible, you can partner with an eligible organisation, although they will need to be the applicant organisation and submit the application.

Step 2 Understand the requirements

- Before you apply, please read these guidelines and related materials including the application checklist to make sure you understand all relevant requirements, including whether you are eligible to apply.
- You can find the relevant information on the Office of Sport's website: [Local Sport Defibrillator Grant Program | NSW Government](#).

Step 3 Prepare your application

- Make enquiries about which AED package suits your needs.
- To submit a complying application all mandatory fields must be completed, and mandatory supporting documents must be uploaded and submitted.
- SmartyGrants offers a tool (SmartyFile) that allows organisations to collaborate with team members, pre-fill information into forms and manage, view, search and sort submissions across multiple funders in one spot. Applicants with an ABN can use this function.

Step 4 Submit your application

- Applying for a grant is a simple process using the [SmartyGrants platform](#).
- The Office of Sport recommends that applicants familiarise themselves with the online application form ahead of preparing the application and plan to submit ahead of the closing date to reduce the risk of missing the deadline.
- Complete your application by filling in each of the sections.
- Upload all required supporting documentation.
- Submit your application as soon as possible and before the closing date and time. Note that the Program will close prior to the closing date if the funding allocation is exhausted.
- Successful submissions will be issued with a SmartyGrants system generated acknowledgement email containing a PDF copy of the application which will confirm the time the application was submitted.

3.1.1 Supporting documents available to assist your application

The following documents are available from the [Local Sport Defibrillator Grant Program](#) website:

- Program Guidelines
 - List of Eligible Postcodes
 - Frequently Asked Questions (FAQs)
 - Funding Terms and Conditions Template
 - Medical Emergency Plan Template
 - List of all approved packages and their pricing
 - Customer Contract Template
 - Statement of Support form
-

3.2 Support available to applicants

Office of Sport staff are available to provide information to potential applicants on interpretation of these Guidelines including types of projects eligible for funding. They can also provide advice relating to the online application process. Office of Sport staff are unable to provide specific advice on the eligibility of an organisation and/or project.

The Office of Sport Grants Team can be contacted as follows:

- Phone: 13 13 02
- Email: grants@sport.nsw.gov.au
- Program website: [Local Sport Defibrillator Grant Program](#)

For questions technical issues relating to SmartyGrants contact SmartyGrants at:

- Phone: 03 9320 6888
- Email: service@smartygrants.com.au
- Technical help guide for applicants

If you require the use of a translator, please call the National Translating and Interpreting Service on 131 450, and ask them to call us on 13 13 02. The service provides immediate phone interpreting.

3.3 Late application

Late application

- Late applications can only be made where an applicant has started an application in SmartyGrants prior to the closing date/time.
- If for any reason you are not able to lodge your application on time, you must contact the Office of Sport via grants@sport.nsw.gov.au **within one hour** of the closing date/time.
- A late application will only be considered where its acceptance would not compromise the integrity of the process.
- The final determination on whether a late application will be accepted will be made by the Office of Sport supported by a probity advisor.

- **Note** that the Program may close prior to 7 October 2026 if the Program funding allocation is exhausted. Where the funding allocation has been exhausted, the Office of Sport will update the website with this information.

Late supporting documents

- Late supporting documentation will not be accepted under the Program.

4

Assessment process

4 Assessment process

4.1 Assessment of grant applications

The Local Sport Defibrillator Grant Program is a non-competitive grant program where applications are assessed in the order they are received. Funding is awarded as 'first-in, first-served' for eligible applicants. Throughout the assessment process the Office of Sport may request additional information from the applicant.

An independent probity advisor, O'Connor Marsden & Associates (OCM), will support the management of the grant process.

The eligibility assessment will continue until the Program funding allocation has been exhausted, or the closing date and time occurs.

The Office of Sport will assess all applications and make recommendations to the Minister for Sport for consideration. The Minister will make the final decision relating to the approval of funding.

Assessment of organisations who have previously received funding for an AED

Organisations who have received funding under a previous round of the Local Sport Defibrillator Grant Program will have assessment of their application delayed until after the Program has closed and only if there is unallocated funding remaining.

Where this occurs applications will be assessed in the following order:

1. Lowest number of AEDs funded under this program
2. Longest time since funding received under this program
3. Earliest date/time application was submitted

4.2 Eligibility check

The Office of Sport will undertake an eligibility check on all grant applications to determine:

- the applicant organisation is an eligible applicant (refer to section 2).
- the grant request amount is for an approved AED package and does not exceed \$3,000

If there are eligibility concerns identified as part of the eligibility assessment, the applicant may be provided with an opportunity to remedy their application to meet eligibility requirements.

The Office of Sport will review all applications against the eligibility criteria and, where an application is deemed to be ineligible, it may be set aside from further consideration at the absolute discretion of the Office of Sport.

4.3 Notification of application outcome

All applicants will be formally notified in writing following the final approval of outcomes. For successful applicants, the notification will include the approved grant amount and the confirmed project deliverables.

4.4 Feedback on applications

General feedback for unsuccessful applicants will be provided at the time of notification.

Due to the high volume of applications, the Office of Sport team is unable to provide individual feedback on each unsuccessful application.

There are no appeals under the Local Sport Defibrillator Program.

4.5 Publication of grants information

The Grants Administration Guide (**Guide**) requires that certain information is published in relation to grants awarded no later than 45 calendar days after the grant agreement takes effect. This information is also open access information under the *Government Information (Public Access) Act 2009* (NSW) (**GIPA Act**), which must be made publicly available unless there is an overriding public interest against disclosure of the information.

In accordance with these requirements, relevant information about the grants awarded will be made available on the [NSW Government Funding Finder](#) as soon as possible after the grant funding is approved or declined.

All records in relation to this decision will be managed in accordance with the requirements of the *State Records Act 1998* (NSW).

5

Successful grant
applications

5 Successful grant applications

All successful applicants are required to enter a funding arrangement with the Office of Sport by accepting the funding terms and conditions.

5.1 Conditions of funding

Organisations which receive funding under this Program will be required to:

- Establish a customer contract with the approved AED Provider to be signed and uploaded as part of grant reporting and acquittal
- Have a medical emergency plan in place within 6 months, with details to be provided as part of the grant reporting and acquittal
- Undertake AED familiarisation instruction, to be conducted by the supplier within 28 days of delivery of the AED - this can be done online
- Be responsible for the ongoing management and maintenance of the AED for its expected life
- Ensure that the AED is accessible and available to the broader public whenever possible

Registry of AEDs in NSW

To support community safety and improve public access to life-saving equipment, all successful applicants of the Local Sport Defibrillator Grant Program 2026/27 will be required to register the location and accessibility of their AED on the GoodSAM AED Registry.

As a condition of funding, recipients must:

- Register their AED on the GoodSAM AED Registry
- Provide evidence through the confirmation email of registration on the GoodSAM AED Registry as part of the Project Completion and Financial Acquittal Report.

This requirement aligns with NSW Government efforts to enhance emergency response capabilities by enabling emergency services and members of the public to quickly locate nearby AEDs in the event of a cardiac emergency.

5.2 Grant agreement

The standard terms and conditions are published on the Office of Sport website, and no amendments will be considered.

The following reflects the intent of some key provisions that will be included in the terms and conditions with successful applicants:

- Grant payments will not be made until an executed funding agreement (acceptance of terms and conditions) is in place and the Office of Sport will not be responsible for any project expenditure until this time.
- Successful applicants may be required to complete periodic project updates and/or project evaluation. This may also include facility use schedules. The Office reserves the right to request this data from successful applicants on an annual basis for a period of up to five years following completion of the project.
- If, for whatever reason, an organisation is unable to proceed with a project, Office of Sport must be informed in writing as soon as possible.

- Recognition of funding as per the NSW Government Funding Acknowledgement Guidelines and supporting evidence.
- Office of Sport reserves the right to undertake an audit of grant funding to successful organisations within seven years of funding payment.

If a grant recipient breaches any of the terms and conditions of the funding agreement, the Office of Sport reserves the right to terminate the terms and conditions and reclaim the grant in part or in whole at its discretion.

5.3 Variations to an approved project

The Office of Sport acknowledges that changes may occur that will impact grant recipients and projects at any time. Any variation requested by a successful applicant to a project, for which a grant has been approved, that constitutes a change to the original application will require a revised assessment of the application to determine whether the project should still be funded in accordance with the program guidelines. This includes situations where a successful applicant is seeking a significant change of AED Service Provider or AED package.

Where an approved Service Provider is not able to supply the approved AED package, the grant recipient may request a variation to change the preferred approved Service Provider, however the value of the awarded grant will not increase even if the cost of the new package does. Where the new package has a lesser value than the approved grant amount, the recipient will be required to return the difference to the Office of Sport.

Any variation to the project as detailed in the application form must be agreed to in writing by the Office of Sport and may require Minister approval. Requests for variations to the terms and conditions or changes to the project will only be considered in limited circumstances.

5.4 Grant payment

Payments to successful applicants will be made either up front or in accordance with the milestones set out in the funding agreement. To receive payment, for grantees who are registered for GST, the Office of Sport will issue Recipient Created Tax Invoices (RCTI) for the grant. For grantees not registered for GST, the Office of Sport will issue a remittance advice only (and not an RCTI). Applicants that do not have an ABN must provide a signed ATO Statement by Supplier form that can be downloaded from the [Australian Tax Office website](#).

5.5 Unspent funds

If a project is complete and there are unspent funds remaining from the grant allocation, the Office of Sport may require the grant recipient to return the unspent funds.

5.6 Indicative acquittal and record keeping requirements

A financial acquittal will be required within 30 days of project completion within SmartyGrants. This will require preparation of an acquittal certificate that must be signed by two office bearers of the recipient organisation stating that the funding had been spent in accordance with the grant application and terms and conditions. Acquittal must be for the total project cost for funded scope items (which includes grant amount plus any financial co-contribution that contributes directly to the scope items).

Successful recipients should ensure that all invoices, receipts, remittances and bank transfers are retained in order for this to occur.

The Office of Sport reserves the right to reduce proportionally the amount of the grant if the total cost of the project is less than the amount stated in the application or ineligible cost items are included in the acquittal. In these instances, the Office of Sport may require the recipient to repay a proportion of the grant. The revised grant amount will be recalculated to maintain the original financial co-contribution ratio between the Office of Sport and the recipient. Accordingly, both the grant funding and the recipient's financial contribution will be reduced on a pro-rata basis to reflect the adjusted project cost.

Recipients that do not provide a financial acquittal by the required date(s) may be ineligible for future Office of Sport grants until the required documentation is provided.

5.7 Evaluation

A project completion report will be required within 30 days of completion of the project as outlined in the funding agreement (accepted grant terms and conditions). The project completion report will be completed within SmartyGrants and require grant recipients to provide detail of the short-term outputs and outcomes that have been achieved since the completion of the project, reflecting on those proposed by applicants in the original grant application. Photos of the completed project should be provided as part of this report.

A post project evaluation report may be requested on an ad-hoc basis for a period of up to five years after the completion of the project in order to gather further detail on the medium to longer term outcomes and impact of the project.

5.8 Acknowledging the NSW Government

Successful applicants must acknowledge the NSW Government's support through the provision of funding as per the [NSW Government Funding Acknowledgement Guidelines](#).

The NSW Government reserves the right to be involved in media opportunities and speaking engagements relating to the funded project.

Recipients must ensure that any media opportunities, speaking engagements and signage relating to the Program or project are discussed with, and approved in advance by, Office of Sport.

5.9 Publicity

The NSW Government reserves the right to be involved in media opportunities and speaking engagements relating to the funded project. Recipients must ensure that any media opportunities, speaking engagements and signage relating to the Program or project are discussed with, and approved in advance by, the Office of Sport.

5.10 Insurances

Organisations approved for funding by this Program are required to have a minimum level Public Liability Insurance cover stated in these Guidelines. In exceptional circumstances, the Office of Sport may, in its sole discretion, consider a lower amount of cover based on the nature and risks of the project. The determination will be made on level of risk posed by a proposed project. If an Applicant proposes Public Liability Insurance cover below the minimum required threshold, a

detailed justification outlining the exceptional circumstances must be provided to warrant the reduced coverage.

6

Additional information and
resources

6 Additional information and resources

6.1 Complaint handling

Complaints can be made online using the Feedback option in the contact form on the [Office of Sport website](#) to provide details of your compliment, complaint or suggestion and they will be forwarded to the right team for action.

The Office of Sport is a public authority covered by the NSW Ombudsman scheme. The NSW Ombudsman is an independent integrity agency that pursues fairness for the people of NSW. It strives to ensure that those entrusted with public power and resources fulfil their responsibilities and treat everyone fairly. For information about the NSW Ombudsman, including when and how you can make a complaint, visit: www.ombo.nsw.gov.au.

6.2 Access to information

The GIPA Act provides for the proactive release of Government information by agencies and gives members of the public an enforceable right to access Government information held by an agency (which includes Ministerial offices). Access to Government information is only to be restricted if there is an overriding public interest against disclosure.

The NSW Legislative Council has the power to order the production of State papers by the Executive Government. Standing Order 52 provides that the House may order documents to be tabled by the Government in the House. The Cabinet Office coordinates the preparation of the papers – that is, the return to order. The return to order may contain privileged and public documents. Privileged documents are available only to members of the Legislative Council. Note that documents submitted as part of a grant application may be subject to an application under the GIPA Act or an order for papers under Standing Order 52.

6.3 Disclosure of project information

Information submitted in the application will be shared within the NSW Government. Should your application be successful, the Office of Sport may provide certain information to the media and Members of Parliament for promotional purposes. This information may include applicant name, project name, project description, location of the project, location of the grant recipient, amount funded and total project cost. Information provided in the grant application/milestone and project completion reports may be used to develop case studies including photos. The contact details supplied by the person submitting the application may also be provided to the relevant Members of Parliament.

6.4 Privacy policy

The Office of Sport will collect and store the information you voluntarily provide to enable processing of this grant application. Any information provided by you will be stored on a database that will only be accessed by authorised personnel and is subject to privacy restrictions. The information will only be used for the purpose for which it was collected (or otherwise with your consent). The Office of Sport is required to comply with the *Privacy and Personal Information Protection Act 1998*. The Office of Sport collects the minimum personal information to enable it to contact an organisation and to assess the merits of an application. Applicants must ensure that people whose personal details are supplied with applications are aware that the Office of Sport is

being supplied with this information and how this information will be used. The Office of Sport may engage external service providers to assist it in assessing applications, evaluating grant programs and/or ensuring probity of programs. Any such service provider is required to comply with privacy laws.

6.5 Conflict of interest

A conflict of interest exists when a person might reasonably perceive that the personal interests of a key decision maker of the funded organisation could be favoured over the duties to the funded organisation.

Applicants will be asked to declare as part of their application, and as part of continuous disclosure required by the terms and conditions, any perceived or existing situation which could or does give rise to a conflict of interest. If applicants later identify that there is an actual, apparent, or potential conflict of interest or that one might arise in relation to a grant application, they must inform the Office of Sport in writing immediately. All key decision makers of your organisation including persons who will be responsible for expending the funds (such as board/committee members, the CEO (or equivalent) and managers of the project) must also declare any conflicts of interest.

With respect to this Program, applicants must not:

- do anything which could place a public official in a conflict of interest.
- offer gifts or inducements to any public official.

6.6 Confidentiality

Each party agrees it must maintain the confidentiality of all commercially sensitive or confidential information it receives from the other party, unless it obtains the consent of that other party to disclose the information. For the purposes of this section, the Office of Sport considers the amount of the Funding to be confidential information.

This does not apply if the information disclosed is publicly available at the time of the disclosure; and/or is required to be disclosed under the GIPA Act or process or requirement of Parliament, law or a court; or is required to be disclosed for the purpose of preparing a party's financial statement.

6.7 Records management

The Office of Sport complies with the management, storage and retention requirements of the *State Records Act 1998* to the extent it applies to any documents created by the Office of Sport, funding applicants or funding recipients under this Program.

6.8 Disclaimer

Submission of an application does not guarantee funding. The costs of preparing an application are borne by the applicant as are any costs incurred prior to agreeing to the terms and conditions.

6.9 Probity

The Office of Sport has appointed O'Connor Marsden & Associates Pty Ltd (OCM) as independent Probity Advisors for this Program. If there are any concerns regarding the probity or integrity of this

Program, contact should be made with the Office of Sport in the first instance via email on grants@sport.nsw.gov.au.

Appendix C - Eligible Postcodes

The eligible postcodes for the Local Sport Defibrillator Grant Program 2026/27 are based on the Socio-Economic Indexes for Areas (SEIFA Indexes) issued by the Australian Bureau of Statistics. The postcodes listed below are taken from the lowest five deciles of the SEIFA indexes derived from the 2021 Census.

Information relating to the SEIFA indexes is available at the [ABS website](#).

2000	2218	2338	2415	2482	2631	2717	2823
